#### 1.2 VISA and fiscal code

If you are a non-EU citizen and wish to study in Italy for more than 90 days, you need a Visa to enter Italy. With the invitation letter you can apply to the Italian Embassy/Consulate for your Italian VISA and Tax Code (*Codice Fiscale*).

# <u>NOTICE:</u> THE INVITATION LETTER MUST BE RETURNED TO US WITH THE OFFICIAL STAMP OF THE EMBASSY/CONSULATE.

Important: you must apply for a Visa for study purposes.

If you stay for less than 90 days, you need to find out from the Italian Embassy in your country (or Consulate) if a VISA is required.

You must apply well in advance for the Visa, as the visa process can take several weeks.

Before your arrival you can create your own student profile on the <u>web portal</u> (<u>http://www.unitus.it</u>) with the help of this simple tutorial:

Online services will be available only after registering your arrival (Check-in) at the International Relations Office of Tuscia University in Via Santa Maria in Gradi 4, Viterbo.

## 1.7 Teaching calendar and course timetable

There is not a specific date for the beginning of the courses. Each Degree Programme has its own courses and exam timetable. Lessons generally begin the last week of September or shortly afterwards, and may be annual or semestral.

The lesson timetables are set yearly, just before the start of the programme (September or January according to the semester). The timetables are available on the Homepages of the specific Departments.

Exam sessions are held in January-February and June-July.

#### 1.8 Organising your trip

Your mobility must start/end according to the starting/ending date of your courses and exam sessions.

- 1<sup>st</sup> SEMESTER: 5 months from October to February
  - EXAM SESSION from January to February
- 2<sup>nd</sup> SEMESTER: 5 months from March to July
  - EXAM SESSION from June to July

The starting date of your exchange period corresponds to the date of your Check-in, i.e. when you register your arrival at the International Relations Office. At the beginning of each semester, you have the opportunity to participate in the "welcome sessions" for exchange students. The dates of the sessions are notified when Checking-in.

The departure date corresponds to the date you check out at the International Relations office, where you will receive your final certificates. You must be there in person.

Remember you can leave at the end of your department exam session.

## **Mobility and International Cooperation Office**

It is not necessary to be enrolled in the courses to attend lessons, but it is recommended to submit your study plan to the International Relations Office in order to check the availability of the course units you choose. On the contrary, registration is mandatory for the exams and you will have time to do it after your arrival.

## 1.9 Payment of your scholarship

You will receive the payment of your scholarship by the Receiving Institution based on specific scheduled deadlines. Upon receipt of a copy of the following documents, which have to be uploaded together with the application e-form, the Receiving Institution will start the procedure of payment. As an exchange student, you are insured against the accidents that might occur on the university premises or any other place where you carry out your study and research activities, authorized by the University, as well as for civil liability towards third parties while performing institutional activities.

**NOTICE:** You are always required to have a private health insurance for the duration of your mobility period. Health insurance MUST include repatriation and Dental Care.

With your health insurance (purchased in Italy or in your own Country), you can choose any physicians, but you have to pay for the visits; you will then apply to your insurance company to be refunded.

The Italian National Health Service is called "Servizio Sanitario Nazionale" (SSN) and is divided into local Healthcare Boards ("Aziende Unità Sanitarie Locali - AUSL"). If you are a EU citizen, you must bring your European Health Insurance Card - EHIC in order to access medical care. For some specialist services, the payment of a "ticket" is required, as a contribution.

## Dental care is never provided by the national health system.

If you are a non-EU citizen, you can access the National Health Service only after paying an annual registration fee of € 149,77. The fee covers the calendar year from 1 January to 31 December and cannot be split. To get medical coverage for the entire academic year, both the current year's fee

and the following one must be paid. After payment, your registration must be activated. In Viterbo you can register to the SSN offices (CUP) in via Enrico Fermi 15.

#### 2.3 Residence Permit

If you are a non-EU citizen and you have a STUDY VISA you must apply for a Residence Permit within 8 working days following your arrival in Italy.

The international relations Office will support you during the application and will provide you with the required kit.

The total cost to apply for the residence permit is 120,00 €

<u>NOTICE</u>: if you have a STUDY VISA and you do not apply for the residence permit you cannot obtain a Transcript of Records.

## 2.4 Language requirements

The University of Tuscia does not require any specific language certificates. However, before coming to Tuscia you are strongly advised to have at least basic knowledge of Italian (level A2), in order to be able to study and make the most of the lessons.

In the first and second semesters, the University Language Centre provides Italian language courses for international students. Exchange students can attend courses for free.

The courses are held both in the first and second semester, with duration September-December and in February-June.

Your knowledge of the Italian language will be assessed with a test. In alternative, you can attend a MOOC (Massive Open Online Courses).

Erasmus+ students can also benefit from the Online Linguistic Support – OLS provided by their home universities.

## 2.5 Checking out

Before leaving, after taking the exams, you must go to the International Relations Office to checkout.

**YOU MUST CHECK OUT IN PERSON**. You cannot send a friend to do it for you! When checking-out your departure will be registered by the staff, while verifying if all the exams and internships have been recorded properly. If so, the digital Transcript of Records will be immediately e-mailed to your home university.

In case any grades are missing, the staff of the International Relations Office will complete the recording of your exams and send the Transcript of Records to your home university, afterwards.

## **Mobility and International Cooperation Office**

Even if some grades will be missing, you must check-out if the end your mobility period is approaching.

Upon check out, you will receive:

- the Certificate of Departure required by the hosting and sending universities to calculate the actual duration of your exchange period. Please show your flight tickets.
- The Transcript of Records

## 2.6 Transcript of records

The Transcript of Records will be issued at the end of your exchange period, in English language. It will report your personal data, your arrival date, the list of exams and their dates, the internship you have carried out, the credits (CFU and ECTS; 1 CFU=1 ECTS) and the grades obtained.

The grades are expressed in the Italian scale, out of thirty, and are converted into the ECTS scale. Please remember that "Idoneo"/"Pass" can never be transformed into a numerical grade.

The Transcript also contains an explanation of the Italian grading system and provides the "ECTS grading tables".

These tables allow the universities of the European Higher Education Area, which have adopted the ECTS system, to convert Italian grades into local grades.

## 2.6.1 Grades and Certificates of attendance of teaching activities

The grades in the Italian university system are expressed out of thirty. You pass an exam or internship with a grade of at least 18/30. If you obtain full grade (30/30) the examination board may also decide to award you honours (lode).

Important: failed exams are not usually recorded in GOMP and therefore they are not listed in your Transcript of Records. If your university requires failed exams to be listed in your Transcript of Records, you must ask the professor to record the "fail", immediately after sitting the exam.

The failed exam can be recorded as rejected only if you sit and fail the examination, if you fail the exam you do not obtain the relative credits (It is not possible to record a numerical grade lower than 18).

For some activities, i.e. language exams, some internships, laboratories and seminars, you will not be given a grade but only a "Idoneo"/"Pass" mark. The same "Idoneo"/"Pass is listed in the Transcript of Records and it can never be transformed into a numerical grade.

## **Mobility and International Cooperation Office**

## 2.6.2 Certificate of attendance for teaching activities that are not included in the curriculum.

If you wish to take part to activities, not present in the course unit catalogue, which cannot therefore be included in your study plan (seminars, conferences, some teaching modules, etc.), you must immediately consult the professor on how to perform and certify them.

Since the performance and the evaluation of these activities can be only certified by the professors on their stamped and signed headed paper, they cannot be recorded in Gomp and will not be reported in your Transcript of Records.

Check in advance whether your university accepts this kind of certification.

Important: do not forget to return the books borrowed from the libraries, before checking-out, otherwise your Transcript of Records will not be issued.

## 3 AFTER THE MOBILITY

# 3.1 Payment of the balance of your scholarship

Once you check out correctly and complete your **EU survey**, the International Relations Office will check your position with the students' residence and will transfer you the outstanding 20% of your scholarship.

This will be transferred at the end of the mobility period, within 30 calendar days after submitting the online EU survey.

In case the duration of the mobility is inferior than agreed, a reimbursement is due, and the Receiving Institution will issue a reimbursement request for the exceeding amount (daily grant multiplied by the number of lacking days from the final set date in the grant agreement).

The submission of the online EU survey shall be considered as the participant's conclusion of his mobility and as a request for the remaining 20 % of the mobility grant. It will be calculated by multiplying the daily allowance (monthly grant/30) by the exact number of days actually spent in mobility.
